ECO BOARDS FOR THE GRAPHIC INDUSTRY

Lightboard is a company specialized on eco-friendly lightweight products for the graphic and furniture industry. Lightboard's first product is a paper based corrugated honeycomb board. Lightboard ECO, perfect for applications like shop fitting, POP/POS and other indoor applications.

Lightboard ECO has the following features

- Made of recycled and virgin fiber using only water based adhesives.
- Lightboard is 100% eco-friendly and 100% recyclable!
- Extremely rigid!
- Exceptionally white surface!
- Very good lay-flat properties!
- Great printability and very easy to cut. All tested and proven by the leading OEM's!
- Lightboard is unique, offering a corrugated honeycomb board from 5 mm and upwards!
- You can also die cut 5mm which is exceptional!
- FSC certified.
- Stock central Europe!

Production

All Lightboard products are produced with high quality standards. The production is certified with ISO 9001:2008.

Environment

- Lightboard is committed to develop and produce environmentally friendly products.
- All raw materials are carefully chosen to comply to use as little virgin fibre as possible.
- Produced in Europe, which reduce transport costs and the environmental impact.
- Lightboard ECO products are 100% recyclable.

Products

- Lightboard is unique offering from 5 mm and covers the most common thicknesses of boards.
- 5 and 10 mm also available in boxes.
- Standard thicknesses are 5 mm, 10 mm and 16 mm. Up to 50 mm on request.

Lightboard ECO is available in the following sizes

700 mm x 1000 mm 1000 mm x 1400 mm
1220 mm x 2440 mm 1220 mm x 3050 mm
